

Warm-Up 78

1) What is the sum of 621 and its additive inverse?	4) To the nearest percent, what is the probability of rolling a number greater than 3 on a number cube?
7.NS.1b	7.SP.5
2) Find the area of a triangle with a base of 12 inches and a height of 2.75 inches.	5) The two quantities represented in the graph below are in a proportional relationship. Find the values of x and y.
7.G.6	
3) A box holds 6 smaller boxes with 160 paper clips in each box. If $1\frac{1}{2}$ of the boxes have been used, how many paper clips are left?	7.RP.2d
7.EE.3
