Warm-Up 76

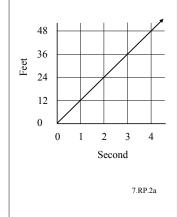

1) Write $-82 \div 6$ as a decimal.

7.NS.2b

2) Solve the inequality: 3.5x + 8 > 15

7 EE 4b

3) Are the two quantities in a proportional relationship?

4) Is randomly selecting the ace of spades from a deck of cards a likely event, unlikely event, or neither?

7.SP.5

5) One of two supplementary angles is 112° . Let x = the measure of the other supplementary angle. Write and solve an equation to find the measure of angle x.

7.G.5
